

# Impact Strapper<sup>®</sup>

The all-new Impact Strapper will change the market for semi-automatic strapping machines. Not just a copy of existing technology, the Impact Strapper utilizes state of the art technology to give you a machine that is durable, reliable and affordable. The simplistic design of the Impact eliminates chains, belts and pulleys, dramatically reducing maintenance, repair expenses and costly downtime. Here is a partial list of the many unique features of the Impact Strapper.

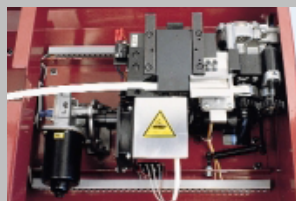

## Standard Features

- Sensor Controlled Heating System
- Electronic Tension Control
- Adjustable Welding Time
- Simplified Design
- Unique Frame
- Power "Stepped Down" to 24V

## Benefits

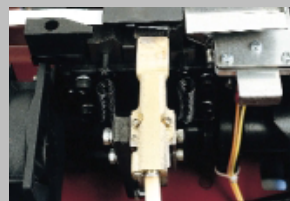

- Consistent, high efficiency seals, plus a 3-year guarantee on the heater element
- Consistent, exact tension plus a wide tension range between 2 and 100 lbs.
- Efficient seals even under high tension
- Reduced maintenance and repair costs
- A full size durable frame that adjusts to your working height within the range
- Unparalleled safety

Simplified Strapping Head

Compact Control Panel

Unique Heating System

Adjustable Legs

## Optional Features:

- Digital Readout for Tension and Feed Settings
- Small Package Option
- Low Tension Option

## Specifications

Dimensions:	33.4"L X 22"D X 30.7" to 37.4"H (adjustable)
Package Size:	Minimum- 3.25" X 1.25" 1.75" X 1" (with small package option) Maximum- unlimited
Weight:	155 lbs.
Tension:	6 lbs. to 100 lbs. 2 lbs. to 100 lbs. (with low tension option)
Speed:	15 straps per minute
Strap Size:	1/4" to 1/2" (5mm to 13mm)
Core Size:	8" X 8", 9" X 8"

Power Requirements: 110V, 50/60 Hz
